September 29, 2023. The pain of losing a relationship is real. When you love deeply and are betrayed or abandoned, the sting can hurt. Do not let this do irreparable damage. Do not retreat into your shell as a turtle does for protection. You might be tempted not to get close to anyone again. This temptation comes from the devil. I want you to be an open lover of people. Don't close yourself off – let Me comfort you.

Psalm 34:18 (RSV) "The Lord is near to the brokenhearted, and saves the crushed in spirit."

September 29, 2023. All you need is love, all you need is love, love is all you need. The Father wants you to know, all you need is HIS love. It's time to step through HIS love door, He is holding it open for you to walk through. There is no fear in HIS love, because it's a perfect kind of love. Yes, you are worthy to be loved by HIM. Even in your imperfections you are worthy to be loved by a perfect God!

Ephesians 3:18-19 (TPT) "Then you will be

empowered to discover what every holy one experiences—the great magnitude of the astonishing love of Christ in all its dimensions. How deeply intimate and far-reaching is his love! How enduring and inclusive it is! Endless love beyond measurement that transcends our understanding—this extravagant love pours into you until you are filled to overflowing with the fullness of God!”

Ministry to Children in the Philippines
Kathryn Bohlin

We are going to the Philippines in February and we are excited! Due to travel restrictions, it has been too long since we were able to go. Through technology, we have stayed in close contact, but we have missed the face-to-face contact very much. Our local pastors in the Philippines are amazing and have done a fantastic job. The last three years have been difficult for them as well as for the children and their families. We plan to visit sponsored children and the pastors who care for them.

As we plan the trip, making arrangements for flights, lodging, food and ministry, we have found that the cost is more than ever before in more than 20 years that we have been going to the Philippines. Some of those wanting to go as part of the team are faced with the possibility that they might not be able to go because of the higher cost.

Budd Rodgers, one of our Board Members who is going to the Philippines with the team, had a dream about the Philippines and our trip. He saw a great move of God coming to the Philippines and an army of 500 prayer warriors interceding for the Philippines. He wrote out the dream and it is printed below. It is a powerful message from God. Read it and pray.

Prophetic Dreams from Budd Rodgers about the Philippines

August 29, 2023 10:00 PM. As I was going to sleep this evening, I remembered the Lord dispenses his angels to do His bidding. I fell asleep briefly, and then began to dream about the Philippines. I have been praying about going over there in February 2024 to minister to the Pastors that our Fullness In Christ Ministries support as well as the children in many of the cities and communities over there.

At the beginning of the dream, there was a Pastor who was acquainted with a person in high position in the government. There, this pastor told me that this man had political ambitions to bring many changes and reforms to the country. He did not elaborate. I heard the Lord tell me to tell the pastor that I had a "word" from the Lord who will help him. I needed to see this man (in the government) in person before I left to go back home.

The next day, I was brought by the pastor to a big building in some city and the man were very curious and intrigued that God would speak to him through another man, like the prophets of old.

As we sat in his office, the Lord moved upon me and I spoke these words, *"Save the Children". If you Save the Children, you will fulfill your calling on earth and I will open doors for you that no man can shut.* The Lord continued by saying, *"I will inspire you to bring reforms in all aspects related to children. You will bring down the human trafficking trade. You will raise the standard of education. You will feed the poor and clothe the children. Crime will go down and prosperity will increase. You will literally "Save the Children". Ten years will pass by and you will see these same children, now as adults that had been saved because You obeyed My word. They will be the product of a vision I have for this nation. They (the children) will not be ashamed of the gospel of Christ and the majority of them will have their own business where Christ is exalted."*

These are the other things I saw and heard after the dream as I was waking up. I saw Karen Broughton (a lady in our church who has sewn

hundreds of items of clothing for the Philippines children). She was inspiring someone to start a clothing company for children. This company would dress the children and cover them. I heard the name of a woman named Naomi. She was a prostitute who got saved and is now responsible for clothing children. I do not know for sure if she was from the Philippines or from Texas.

I saw two wealthy Christian businessmen from the Houston area and another one from somewhere else in Texas. They were the financiers and the way makers for the clothing company.

I saw at least one and maybe another huge plane that said “Save the Children” on the aircraft – the one plane carried cargo, but I saw another one carrying people to minister to children.

The last thing I saw was a spiritual being that was like a principality, and he sat on the capital city of the Philippines. He was huge, and specifically he was very fat and very dark and his eyes were orange. He had been sitting in one place for decades, maybe 100 years.

And I saw the Lord's army surround him and suddenly, a huge lightning strike came out of the sky and split that principality in half and when it split the being in two, the army of the Lord moved in and began to cut the remainder into pieces by halves and the principality became the size of a human hand.

A move of God is coming to the Philippines and along with this revival, reform will also come.

September 10, 2023. 4:44 AM. The Lord told me early this morning that He is enlisting intercessors for the Philippines. He is calling Five Hundred (500) intercessors to pray over the Philippines. He is setting up the time and day of prayer for the “angel armies” to deploy toward the throne of the principality sitting in the capital city of the Philippines.

A great mobilization is coming forth. He said, *“I will give you the sign of a “red” cardinal.”*

Let us know if God puts it on your heart to be one of the 500 intercessors, He is calling out to pray in the great move of God in the Philippines. Send an e-mail to Philippines.Intercessors@fullnessnetwork.net.

If God puts it on your heart to help with the cost of the trip, we will all be thankful. To give for this, click on DONATE below and select “Philippines Mission Trip.”

Ras and Bev Robinson and others who have gone before us who “paved the way” to spiritual freedom. Their hearts were to introduce those in the “throes of religion” and those in the “mundane religious experience” to know the Spirit-filled life. Inside this issue you will find testimonies from friends, old and new, who have been affected by the Fullness message. We know you will be encouraged as people share their heart of freedoms

experienced. We call this the “Sons and Daughters of Fullness” issue. These are stories from those who now know the Fullness of God in their lives.
